

SOURAV VIJAY

Kalamassery, Kerala | +91 8590980625 | souravvijay637@gmail.com | [GitHub](#)

Professional Summary

Full-stack developer with hands-on experience building scalable and user-centric applications. Proficient in developing end-to-end systems, integrating front-end and back-end components, and managing databases. Experienced in developing AI-driven applications, including a habit tracking platform and decision-making systems, with a focus on intelligent automation and system design. Passionate about creating reliable, efficient, and impactful solutions while contributing effectively in collaborative development environments.

Education

- B.Tech in Computer Science Engineering** | College of Engineering, Cherthala | April 2026 | CGPA: 8.2
- Higher Secondary** | St. Joseph's English Medium Higher Secondary School | 2022 | 95.25%
- 10th Grade (ICSE)** | Mount Tabor School, Kalamassery | 2020

Skills

Languages:	C, Java, Python, C++, Dart
Web:	HTML, CSS, Node.js
Frameworks/Libraries:	Flutter, React.js
Database:	MySQL
AI:	Prompt Engineering
Soft Skills:	Teamwork, Project Management

Projects

- Habitster – AI Habit Builder**
 - Developed a gamified habit tracking application with an AI-powered habit coach for personalized recommendations.
 - Implemented intelligent habit suggestions and adaptive guidance to improve user consistency and engagement.
 - Integrated streak tracking, XP system, and progress analytics for user motivation.

[GitHub](#)

- Learning Path Decision Companion(AI)**
 - Developed a CLI-based AI system for personalized decision-making.
 - Used weighted scoring to recommend optimal learning paths.

[GitHub](#)

- 4Service – Home Service Platform**
 - Platform to connect users with service providers.
 - Features include booking system and chat functionality.

Internships

- Full Stack Web Development Intern** | Teachnook | Mar–Apr 2023
 - Completed a 2-month intensive internship focused on full-stack web development using modern technologies.
 - Developed responsive web applications using HTML, CSS, and Node.js, applying best practices in UI design and backend integration.
 - Gained hands-on experience in building dynamic web features, handling user input, and managing data flow.
 - Strengthened understanding of real-world development workflows, debugging, and collaborative project development.
- AI Agent Architecture Intern** | IBM SkillsBuild & CSRBOX | Jul–Aug 2025
 - Built AI agent using APIs and prompt engineering.
 - Improved automation and decision workflows.

Certifications

- Full Stack Web Development – Teachnook (2023)
- AI Agent Architect – IBM SkillsBuild (Jul 2025)
- Agentic AI – IBM SkillsBuild & CSRBOX (Jul–Aug 2025)

Activities

- Football, Badminton, Gym

Languages

English, Malayalam
